

Nama: Irfan Maulana

NIM: 1742902

Jawaban Nomor 1:

```
public class Iterasi {  
  
    public static void main(String[] args) {  
  
        for (int x=1; x<100; x++){  
            if(x/3==0)  
                System.out.println(x);  
        }  
  
        for (int x = 1; x < 100; x++) {  
            if(x/2==0)  
                System.out.println("BELAJAR");  
        }  
  
        for (int x = 4; x < 100; x++) {  
            if(x/7==0)  
                System.out.println(x);  
  
        }  
  
        for (int x = 1; x < 100; x++) {  
            if(x/2==0)  
                System.out.println("JAVA");  
        }  
  
        for (int x = 8; x < 100; x++) {  
            if(x/21==0)  
                System.out.println(x);  
        }  
  
        for (int x = 1; x < 100; x++) {  
            if(x/2==0)
```

```

        System.out.println("BELAJAR JAVA ITU MENYENANGKAN");
    }
    for (int x = 23; x < 101; x++) {
        if(x/101==0)
            System.out.println(x);
    }
}
}
}

```

Jawaban Nomor 2:

```
